

Hand-out for participants

What is going on in Internet / in social media / in cyberspace?

Within this activity you will learn about discrimination, cyber-bullying, shit storms and more on internet and social media.

Required material:

- ▶ Electronic device with internet access, beamer
- ▶ Flipcharts
- ▶ Pens

Your task:

Get ready for the activity!

STEP 1

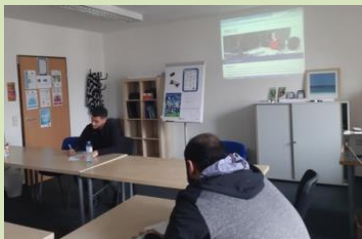

Do you know people who have already been hurt, attacked, discriminated on internet or social media - maybe even yourself? Within 30 minutes, you can share your personal experiences within the group.

Do it...

STEP 2

After that, a brainstorming will be facilitated for about one hour, collecting answers on "Why are discrimination, cyber-bullying, shit storms etc acts of crime on internet and social media?"

STEP 3

In a team of 2, you will be given about half an hour to do internet research and find 10 more terms for discrimination on internet and social media and present them to the group, describing them in your own words.

The finish...

STEP 4

A final group discussion will be facilitated, focused on explaining personal experiences and findings from the team work. How to protect yourselves against discrimination on internet and social media and how to react to them?
