- \* FISH BOWL - case report:

How to find and motivate volunteers. Mostly I feel that I am bothering people, that I am asking for help, I am meeting the answer that they already have a lot of activities and are not catching up, or that they need a financial reward, that they cannot afford to work voluntarily.

It is easy to find volunteers for a one-time event (eg they come to set up an 8-meter tent), but I have a problem meeting someone to help me organize the event, help me with the production site, which includes regular activities for the association, and do it daily. . I had 2 friends like that, but one moved out and the other is now a mother and she writes a diploma and does other projects and doesn't have time.

In the end, I spend a lot of time alone and I'm exhausted. Visitors and the city management praise our activities, but there is no strength to manage it in 1 person. What with this..?

<b>PART 3 – 0,5 hour</b>	<b>12:00 – 12:45</b>
